

Sreeja Kamani

+91 9885120536 sreejakamani2007@gmail.com

Objective

Motivated **Information Technology** student with strong foundations in **programming, data structures, and problem solving**. Seeking opportunities to apply technical knowledge in software development and contribute to real-world projects while continuously improving development and analytical skills.

Education

Chaitanya Bharathi Institute of Technolog	2025 – 2028
<i>Bachelor of Information Technology</i>	Hyderabad, Telangana
Singareni Collieries Polytechnic	2022 – 2025
<i>Diploma in Computer Engineering (GPA: 9.89/ 10.00)</i>	Mancherla, Telangana
Telangana State Model School	2021 – 2022
<i>Secondary School of Education (GPA: 10 / 10)</i>	Mancherla, Telangana

Projects

Secure Online Examination Monitoring System	 GitHub
- Developed a web-based monitoring system to maintain integrity in online laboratory examinations by continuously analyzing network behavior after student authentication. - Implemented real-time tracking of IP address changes, network switching events, and session activity to detect unauthorized connections such as hotspot usage or remote assistance. - Applied cybersecurity mechanisms including network geofencing, anomaly detection, and access control to flag suspicious behavior and enforce fair examination practices.	

Technical Skills

Problem Solving: Data Structures and Algorithms, Design and Analysis of Algorithms.

Programming Languages: Java, Python, C, C++, JavaScript, .

Technologies: React.js, Bootstrap, HTML5, CSS.

Tools Platforms: Git, GitHub, VS Code.

Concepts: SQL, OOP, Operating System, DBMS, Computer Networks.

Achievements

- NPTEL Elite Certification – The Joy of Computing using Python** (View Certificate)
(IIT Madras, SWAYAM) – Secured **92%** in a 12-week course with proctored examination.
- ExcelR EdTech Training – Foundations of Programming with Python** (View Certificate)
Completed a **30-hour live training program** covering Python fundamentals and programming concepts.
- CBIT Hacktoberfest Hackathon 2025 – Participant** (View Certificate)
Participated in a **24-hour hackathon** organized by the **CBIT Open Source Community (COSC)** focused on open-source collaboration and software development.
